

INVITATION LETTER COMMON MODULE ON UNMANNED AERIAL SYSTEMS

To whom may concern,

The Hellenic Air Force Academy under the auspices of the European Security and Defence College, in the framework of the European initiative for the exchange of young military officers, inspired by Erasmus, has the honour of organizing a Common Module on Unmanned Aerial Systems.

The module is based on the EMILYO Common Modules Standard Curriculum which is the major component of EU training activities. The goals of the module are to provide the participants with a general overview of the basic principles of the technologies supporting Unmanned Aerial Systems (UASs) and their applications, the specification and classification of different UAS categories, the technologies and challenges to counter malicious use of UAS types, and sensors used for civilian and military applications and the different perspectives for integrating UAS to CSDP missions

The module consists of an **e-learning part**, as well as a **residential session**, held in Athens, at the premises of the Hellenic Air Force Academy in Dekeleia Air Force Base, **from 15 to 19 April 2024. Both parts are compulsory.**

We would be pleased if you would accept this invitation and nominate suitable candidates for this training activity.

For further details regarding the course and administrative information please refer to the attachments.

Brigadier General
Georgios Lagoudakis
Commandant of the Hellenic Air Force Academy
